Next you need to enter your details in these fields here.

NEW USER	
FIRST NAME	<input type="text" value="Forename"/>
LAST NAME	<input type="text" value="Surname"/>
DATE OF BIRTH	<input type="text" value="1"/> <input type="text" value="January"/> <input type="text" value="2003"/>
SCHOOL	<input type="text" value="Search for your school"/>

If it doesn't recognise your details, make sure they match what the school has on file for you.

5

Once logged in, create your own username and password.

You need to create a Password Hint too in case you forget your password.

Username

**TIP - Don't just write your name as your username.
Think of a username that is unique to you and that you
can easily remember.**
